Welcome to the 2017/2018 school year! This is my sixth year teaching at Caledonia Park and my fifteenth year in Black Gold School Division. I have Bachelor degrees in Kinesiology and Education and have completed my Masters in Educational Leadership. This year I will be teaching Jr. High Science and will be involved in mentor teaching at all levels of the school. I am excited to get started...

Outside of school I have a young family. We are busy doing all sorts of things: soccer, basketball, skating, hockey, golf and a lot of camping. My main interests are in all things sport and recreation and spending time with my family....and of course teaching!

I would like to invite you to Meet-the-Teacher-Night on Wednesday, September 13, 2016. It starts at 5:30p.m. and will be a great opportunity to put a face to a name and see what we do in the classroom. As you can understand, the days around here can be hectic so I like to communicate by e-mail ([wendy.francis@gshare.blackgold.ca](mailto:wendy.francis@gshare.blackgold.ca)). During the year I will send out an e-mail to the entire class if I have announcements and when there is a big project or exam coming up. Please feel free to contact me anytime with questions or concerns.

Science is a very interesting course. We will be using PowerPoint, videos, pictures, notes, labs and projects to meet the curriculum outcomes. Science is all around us every day and a wealth of knowledge already lies in everyone. Tying the knowledge that you have with scientific concepts and language is one goal that I have and love!

I look forward to meeting and working with you this year. I am excited to meet the challenges and successes we will find along the way.

Wendy Francis
