

Grade 5 Homeroom Teacher - Mrs. Sheri May

I am pleased to be joining the Caledonia team this year. I am looking forward to the new experiences that will come about.

I have had the opportunity to teach several different grades and classes throughout our district. I have taught almost every subject between grades 5 to 8. Each level has something different to offer.

Becoming a Viking and being back in Leduc is thrilling. Change challenges me to be a better teacher. I like to embrace what change brings; it involves new experiences, relationships and adventures.

I am looking forward to the beginning of another year. Each July, I contemplate what I will do differently from the previous year - reflecting upon what worked and what did not. By the end of August, I am ready to dive back into teaching.

I am excited to be part of the Viking school community. I look forward to meeting the parents and students that already call Caledonia home.

Have a wonderful school year,

Sheri May
