September 5, 2017

Dear parents/guardians,

Welcome to the start of another school year here at Caledonia Park School. I hope you all had an excellent summer! My name is Miranda Parchoma and I pleased to be teaching your child this year. I graduated from the University of Alberta in 2016, with a Secondary Education degree and a Kinesiology degree. My final practicum was completed here at Caledonia Park School, as well as my first year of teaching for the 2016/2017 year. When I'm not teaching or coaching, I can be found travelling the world or playing a variety of sports.

This year I will be teaching Physical Education, Science 7 and Language Arts 7. Students are expected to come prepared to every class with the required materials and a positive attitude! My goal is to create an inclusive environment where students will step out of their comfort zone and display their learning in a multitude of ways. The success of each individual in my classroom/gymnasium is very important, and I will always be willing to provide extra instruction or resources to ensure each student receives the support they require. Students are welcome to visit me at lunch or after school for extra support. Parents please keep an active role in your child's educational journey this year, and we will ensure the success of your child together.

If you have any questions, concerns or comments or would just like to introduce yourself, please feel free to email me at [miranda.parchoma@gshare.blackgold.ca](mailto:miranda.parchoma@gshare.blackgold.ca) or contact the school at (780)-985-7888. I will be actively updating the junior high blog, and I encourage you to check it regularly to see what we are up to in the classroom. You can visit the blog at: [cpsjuniorhigh.wordpress.com](http://cpsjuniorhigh.wordpress.com).

I am looking forward to a wonderful year!

Sincerely,

Miranda Parchoma
