Sept 5th, 2017

Dear Parent/Guardian:

Welcome to the 2017/2018 school year! My name is Cassie Peters and I am privileged to teach your child this year. I graduated from the University of Alberta with a Secondary Education degree in 2010 and have been at Caledonia Park School since 2011. Outside of school, I enjoy reading, scrapbooking, playing cards, and an assortment of recreational activities with my three boys.

This year I will be teaching Math 7 and 8 along with the Tech Ed., Creative Spirits, and River Valley options. I hope to spark interest and success in the area of mathematics through various activities and manipulatives, and to encourage students to take ownership of their education. The goal of this class is to help each student develop their own mathematical and problem-solving mind. During the course of the year, the students will learn the skills to solve problems in logical and creative ways. In order to succeed in this class, you will need to cooperate, participate and have a positive attitude! Of course, there may be some difficult obstacles to overcome, but I will always try to make myself available for extra help during lunch hours or after school.

If you have any questions or concerns about your child's progress in any of my classes, please feel free to call me at (780) 986-7888 or email me at cassie.peters@blackgold.ca and I will respond as soon as possible. I strongly encourage you to utilize the school newsletters at www.cps.blackgold.ca and to check in on the junior high blog at www.cpsjuniorhigh.wordpress.com.

Please join me at "Meet the Teacher" night at 5:30pm on Wednesday, September 13th. I am looking forward to hearing from and working with you to support and enrich your child's academic growth!

Sincerely,

Mrs. Peters
