August 29, 2022

Dear Parent/Guardian:

Welcome to the 2022/2023 school year! My name is Cassie Peters and I am privileged to teach your child this year. I graduated from the University of Alberta with a Secondary Education degree in 2010 and have been at Caledonia Park School since 2011. Outside of school, I enjoy reading, curling, playing cards, attempting golf, and an assortment of recreational activities with my three boys.

This year, I will be teaching Language Arts 7 & 8 and Math 7 & 8. I hope to spark interest and success in the area of mathematics through various projects and activities. The goal is always to help each student develop their own mathematical and problem-solving mind and to foster an appreciation for (and love of!) reading. I strongly encourage students to take ownership of their education and aim to help students recognize the importance (and joy) of growth and personal development on their way to becoming life-long learners.

During the course of the year, the students will learn the skills to solve problems in logical and creative ways. In order to succeed in these classes, your child will need to participate, cooperate with others, and bring a positive attitude! Of course, there may be some difficult obstacles to overcome, so I try to make myself available for extra help during lunch hours or after school.

If you have any questions or concerns about your child's progress, please call me at (780) 986-7888 or email [cassie.peters@blackgold.ca](mailto:cassie.peters@blackgold.ca). Please utilize the school newsletters at [www.cps.blackgold.ca](http://www.cps.blackgold.ca) and download both the PowerSchool and Google Classroom APPs on your phone.

I am looking forward to hearing from and working with you to support and enrich your child's academic growth!

Sincerely,

Cassie Peters
