

WELCOME!

MEET YOUR teacher. Edit

A Little Bit About me!

I live here in Leduc with my lovely wife Nicole and two grown daughters: Danika and Payton. I have been teaching for more years than I have fingers and toes, but learn a bit more from my students each year. I enjoy hot vacations where I can snorkel, probably because I grew up going to school in Abu Dhabi, Beirut, and Venezuela.

A few of My favorite Things!

Food: Peanut butter buns

Movie: The Cowboys

Snack: Milk Chocolate or Chocolate covered jujubes (but I shouldn't eat them)

Activity: most sports – although too old to be good at them anymore

Team: I cheer for local teams, or other Canadian teams mostly

Music: Rock – 80s rock first

Book: Any Louis L'Amour or Detective mysteries

Time at the lake – golfing early and then swimming in the middle of the lake

Get Ready for a great Year!

Grade four is a lot of fun! Classroom adventures include recycling, rainbows, lasers, trash, simple machines, car building, Canadian exploration, indigenous ceremonies, basic facts (yay!), geometry, measurement, games, music, exercise, trivia, and maybe even movie days with treats!
