

Hi there,

My name is Brent Moldrup, and I teach Physical Education 7-9 and Science 7 and 8 at CPS. This year is my third year at Caledonia Park school! I am very excited to be back for another year. Caledonia Park School is a special place and I love coming to school everyday to spend time with all of our students and staff.

This summer I spent time relaxing, seeing old friends, doing home upgrades, camping/hiking, and trips to Mexico and Ontario. Summer is an amazing time for teachers and students and I really value the extra time with my friends and family.

If there is anything you are concerned about, please feel free to reach out.

Let's have a great year!
