

About Me

I spent my summer with my husband, son, and cat. My son, Oliver, is almost 3, my cat, Luna, is 8, and my husband, Mike, is almost 35!

Over the summer, I planted my first garden! I grew carrots, strawberries, and more! The big surprise was the pumpkins Oliver grew in his garden!

Education

I have been teaching for 11 years! I have my M.Ed where I focused on supporting student mental health and creating fair and just schools and communities.
