

**Hello, my name is Cindy Stepanick and I am thrilled to get to teach another year at Caledonia Park School. Teaching language arts is my passion and this year I will again be teaching a section of Language Arts 7, 8, and 9. I will also continue to teach junior high options. This year I will again get the opportunity to teach a section of social studies in a grade 4 classroom.**

**My family and I live on an acreage in Leduc County. We love it! Besides enjoying the acreage this summer my husband Corey and I enjoyed a week in Nashville, Tennessee. As a family, we got to enjoy many camping trips with friends and family this summer, as it is one of my favourite things to do.**

**Reading is something I thoroughly enjoy. My summer consists of reading as much as possible from a variety of authors and genres. One of my missions is always to spread the joy of reading to my students. I encourage all of my students to read every day, not just in class. I particularly enjoy it when students give me novel suggestions. I look forward to reading some student recommendations again this year.**

**I am looking forward to another great year at Caledonia Park.**

**Cindy Stepanick**
