## *About Me*

I have been teaching at Caledonia Park for ten years! This will be my third year in grade two. I love grade two! Some of my favorite things about grade two are: making our own books for our classroom library, having an outdoor classroom on warm days, literacy stations, and taking lots of fun photos of our adventures!

I live with my family in Sherwood Park. I have a tripawd puppy. His name is Toby! We like to take Toby for walks and go camping in the summer.
